

SIMPLE THINGS YOU CAN DO...

To Make Your Own Wonderful Memories With Your Family!

- ☞ Make a time capsule (sealed container) and put in items that are important to your family. Then decide when your family will open it up...
In 1 year...5 years...10 years!
- ☞ Share a special book or poem that you read every year over the Holidays
- ☞ Make your own cards with your child for those special loved ones
- ☞ Create kitchen memories with your child by making sweets and cookies together...but don't be afraid of the mess!
- ☞ Decorate your home together with homemade decorations...popcorn, paper-rings, tree cones...
- ☞ To note the passing of time and to see how much they've grown, make a finger or handprint of your child every year
- ☞ Take a picture of just you and your family every year - no matter how big or small your family is
- ☞ Write a letter to each other saying what you're thankful for in your family, and keep them to read every year together
